## Maths Enrichment for Students & Teachers

2007, 2008, ... continuing into 2016

When: 19 - 21 May

Where: Centralian Senior College

### Thursday 19 May Enrichment

3:15 for 3:30 start – 5:00 pm

Year 5-10 **Maths Enrichment** (any students)

5:00 – 7:00 pm

Year 6-12 **Advanced Maths Enrichment** (Challenge group – a

harder and more formal maths session for the bright and keen)

Location: Gateways Open Learning Area, **Centralian Senior College** (follow signage from Reception)

Session 1: Pizzas provided. The problems are suitable for Year 6 and older. Year 5 students can attend by teacher or parent recommendation.

Session 2: This is for serious, keen students, who would like ongoing maths support and challenges.

Dr Ian Roberts (a mathematician and University Fellow at CDU in Darwin), with the support of local teachers, will continue his work with students. The student Maths Enrichment session is also a useful **professional learning** opportunity for classroom teachers.

Teachers & parents - please email through students who are interested in attending to [matt.skoss@ntschoools.net](mailto:matt.skoss@ntschoools.net).

\*\*\*\*\*

Parents or teachers who would like **ongoing support and activities** for their children should also email [ian.roberts@cdu.edu.au](mailto:ian.roberts@cdu.edu.au). Ian is the NT Director of the Australian Mathematics Olympiad Committee, which is part of AMT. AMT (see [www.amt.org](http://www.amt.org)) is the premier national body, since the 1980s, for offering competition and training for students from year 3 through to the International Mathematics Olympiad. There are many options for students. Time to talk with Ian can be arranged, and school-wide participation and activities are encouraged.
