Onsite programs (OSP)

Centralian Middle school has two Onsite programs; Clontarf Foundation and Girls Academy. Their key role is to support the social and emotional development for indigenous students with the view of promoting positive educational and life outcomes.

During a conventional school week, each OSP conducts a range of activities some are academy specific to build student strengths. The OSPs also participate in whole school activities that build stronger connections within the community.

To be eligible to be involved in either program, students must meet the following criteria.

The key criteria are:

Clontarf Foundation	Girls Academy

Separate to being a member of program, each year level has OSP lesson times. In these lesson times, the school community provides experiences around key elements for those year level. These elements are designed to encourage students to build their self esteem (health, wellbeing and education) and to link back to the values of the school.

At these lesson times there will be 4 OSP groups; 1 Clontarf Foundation class; 1 Girls Academy; 2 gender based non program classes. All four classes will be engaged in the elements being explored

As of Term 2, students will be allocated to one of the four classes. Clontarf foundation and Girls academy will work with the Wellbeing leadership team to develop these class lists.

We look forward to this new and innovative program and seek your support in helping our young people grow.
